

Congratulations on the purchase of your vehicle! Whether you bought it to commute to work, or to take the kids to school, you now have the opportunity to protect it with the Superior Protection Plan.

Your Superior Protection Plan for New and Pre-Owned Vehicles Offers:

EXTENDED OR STANDARD PROTECTION:

If your vehicle is currently covered by a Manufacturer Warranty, you'll receive **Extended Protection**. Extended Protection begins when your Manufacturer Warranty expires — by date or by miles. No duplicated coverage. No worries! If your vehicle has no other warranty, you'll receive **Standard Protection**. Standard Protection covers your vehicle from the moment you drive it off the lot!

CHOICE OF THREE COVERAGE PLANS:

The Powertrain Plan covers specific parts needed to keep your vehicle running, such as the engine and transmission. The Base Plan covers everything under the Powertrain Plan, plus many other crucial parts, including suspension and fuel system components. For the most coverage we offer, choose the Premium Plan. With certain exceptions, it covers ALL mechanical and electrical parts of your vehicle!

NATIONWIDE REPAIR FACILITIES

Your Superior Protection Plan is welcomed by repair facilities throughout the United States and Canada.

See your vehicle service contract for complete details.

PROTECT YOURSELF TODAY

Coverage for Vehicles With an Odometer Reading of up to 200,000 Miles

The following coverage under Powertrain Plan and Base Plan is available on all vehicles with an odometer reading of up to 200,000 miles on the Vehicle/Contract Sale Date:

POWERTRAIN PLAN

Includes the following covered parts (1-5):

1. ENGINE COMPONENTS

All internal lubricated parts, camshaft, engine mounts, harmonic balancer, head gasket(s), intake and exhaust manifold(s), oil pan, supercharger, thermostat, timing belt, timing belt tensioner(s), timing cover, timing gear, chain and bolt, turbocharger, and valve cover(s). Engine block, cylinder sleeves, cylinder heads, and valve seats are covered when damaged due to a failure of an internal lubricated part. NOTE: This section also applies to internal combustion engines on hybrid vehicles.

2. TRANSMISSION COMPONENTS

Transmission case and all internal lubricated parts, bell housing, flex plate, oil pump housing, throttle valve, torque converter, transmission mounts, and vacuum modulator. The clutch assembly is covered on Automated Manual Transmissions (AMT) only.

3. DRIVE AXLE(S) COMPONENTS

Drive axle housing and all internal lubricated parts, constant velocity joints (constant velocity joint boots are covered on vehicles with 100,000 miles or less at the vehicle purchase date), drive shafts, and universal joints.

4. TRANSFER CASE COMPONENTS

Transfer case housing, and all internal lubricated parts.

5. HYBRID VEHICLE AND ALL-ELECTRIC VEHICLE COMPONENTS

Drive motor assembly, generator motor assembly, and power split device.

BASE PLAN

Includes everything in the Powertrain Plan (1-9), plus the following covered parts (6-13) or (6-16) depending on your mileage:

6. STEERING COMPONENTS

Steering gear box or rack, and all internal lubricated parts, center link, drag link, electric power steering pump, electric steering gear, electric steering motor, electric rack and pinion, idler arm, pitman arm, power steering pump, steering column shaft, steering column shaft couplings, and tie rod end(s).

7. ELECTRICAL COMPONENTS

Alternator, ignition coil, ignition module, starter motor and drive, starter solenoid, voltage regulator, and windshield wiper motor(s).

8. AIR CONDITIONER COMPONENTS

Blower motor, condenser, compressor, compressor clutch, compressor pulley, evaporator, receiver dryer, and tensioner pulley and bearing. Air conditioner coverage applies only if the air conditioner is factory or dealer installed equipment.

9. SUSPENSION COMPONENTS

Bearings and bushings, control arms, control arm shafts, radius arm bushing, radius arm, spring seats and bushings, strut bar and bushings, suspension strut(s), stabilizer bar, stabilizer link, stabilizer bushing, spindle, torsion bars, torsion bar bushings, track bar bushings, and wheel bearings.

10. COOLING COMPONENTS

Engine cooling fan motor, radiator, radiator fan, radiator fan clutch, and water pump.

11. FUEL COMPONENTS

Fuel injectors, fuel pump/high-pressure fuel pump, fuel tank, and throttle body.

12. BRAKE COMPONENTS

ABS accumulator, ABS control module, ABS pump, ABS motor, ABS reservoir, ABS wheel speed sensors, combo valve, compensating valve, disc brake caliper(s), hydraulic motor assembly, hydraulic pump assembly, hydraulic lines and hydraulic line fittings, power brake cylinder, standard and ABS brake system master cylinder, vacuum assist booster, vacuum brake booster pump, and wheel cylinder(s).

13. HYBRID VEHICLE AND ALL-ELECTRIC VEHICLE COMPONENTS

Converter assembly and inverter assembly.

See your vehicle service contract for complete details.

Base Plan Also Provides Additional Coverage for Vehicles With Less Than 100,000 Miles

If your vehicle's odometer has a reading of less than or equal to 100,000 miles on the Vehicle/Contract Sale Date, your Superior Protection Base Plan coverage includes all of the components listed under 1-13, plus everything shown under 14-16 below:

14. HIGH-TECH COMPONENTS

Body control module, camshaft position sensor, control dash power supply, convertible top motor, coolant temperature sensor, crankshaft angle sensor, cruise control module and servo/transducer, driver information gauge indicators relating to the operation of the vehicle (burned out L.E.D. lights/lamps are not covered), E.C.M., fuel delivery lines (metal only), fuel gauge, fuel pressure regulator, fuel sending unit, idle speed motor, manifold pressure sensor, manifold temperature sensor, mass air flow sensor, oxygen sensor, power antenna motor, power door lock actuator, power seat motor, power window motor(s), primary fuel injection computer, sunroof motor, temperature control programmer, throttle position sensor, and vehicle speed sensor.

15. HYBRID VEHICLE AND ALL-ELECTRIC VEHICLE COMPONENTS

Battery fan blower motor, battery isolator, battery temperature sensor (if serviceable independently of the high voltage battery), drive motor charging port, high voltage cables, high voltage connectors, hydraulic or electric regenerative braking system, inverter water pump, Motor Controller Unit (MCU), Power Electronics Module (PEM), onboard battery charging module, and voltage regulators.

16. SEALS AND GASKETS

Leaking seals and gaskets on any covered part listed under Powertrain Plan and Base Plan section will be covered, provided the vehicle had 100,000 miles or less on the odometer at the vehicle/contract sale date. Minor loss of fluid or seepage is considered normal and not considered a covered breakdown.

Fluids are covered when required as part of the repair or replacement of a covered part.

PREMIUM PLAN

The most coverage we offer! If you select Premium Plan coverage, then ALL mechanical and electrical parts of your vehicle are covered, except for those items listed under "EXCLUSIONS – WHAT THIS CONTRACT DOES NOT COVER" in your contract.

HELPFUL COVERAGE OPTIONS

EMERGENCY ROADSIDE ASSISTANCE

Up to \$50 per occurrence: Towing, Battery Jump-Start, Flat Tire Assistance, Lockout Assistance, Fuel, Oil, Fluid and Water Delivery. Does not include the cost of fuel, oil, and other fluids.

RIDE SHARE/FOOD DELIVERY TO CONSUMERS

Coverage for vehicles used rideshare services including, but not limited to, Uber or Lyft, but excluding other passenger services such as shuttle, limousine or livery services; and for vehicles used for food delivery directly from a local restaurant or retailer to the consumer through a third-party delivery service provider such as Grubhub, DoorDash, Uber Eats, or Favor.

OVERSIZED/UNDERSIZED TIRES

Coverage for vehicles equipped with tires up 20% larger or smaller than the tire size recommended by the manufacturer.
